

The Department of Pharmacology and Toxicology Presents

# Visions in Pharmacology

9:00AM • May 16<sup>th</sup>, 2017  
Hart House (Great Hall)

**Distinguished Lecturer:  
Dr. Peter Van Loo, PhD**

***“The Molecular Archaeology  
of Cancer”***

***Speaker Biography***

Dr. Peter Van Loo is a group leader at the Francis Crick institute in London. His research entails strong focus on “molecular archaeology”—disentangling the life history of cancer genomes—in order to understand carcinogenesis and cancer evolution. Peter has been awarded a Cancer Research UK Future Leaders in Cancer Research Prize in 2015.

***Event Information***

Lunch will be served at the event. This venue is wheelchair accessible. If you have any inquiries, please contact [visionsinpharmacology@gmail.com](mailto:visionsinpharmacology@gmail.com)
